CARTELLA COLORI

Tutti i colori riproducibili con base di pittura bianca

PINKAOLIN

Pinkaolin non è solo bianco!

Una delle particolarità della pittura Pinkaolin è il suo punto di bianco, non è né un bianco eccessivamente freddo, né un bianco tendente al grigio o al giallo, ma è un tono del bianco che io chiamo "morbido" per via di come riesce ad essere in armonia con i restanti colori di un ambiente, rimanendo molto luminoso. Ma all'esigenza di volere la tinta colorata, Pinkaolin si presta bene alla formulazione dei colori chiari e delle tinte pastello.

Nelle pagine successive troverete l'elenco delle tinte realizzabili, ottenibili con le paste coloranti universali o con i tradizionali sistemi tintometrici.

La versione online o quella in stampa fotografica è da ritenersi indicativa, verificare sempre il colore su cartella reale presso il rivenditore Pinkaolin o chiedere in azienda al recapito sotto indicato.

I formati disponibili sono:

- Latta da **lt. 14** per circa **mq. 100** in due passate
- Latta da **lt. 10** per circa **mq. 70** in due passate
- Latta da **lt. 5** per circa **mq. 35** in due passate
- Latta da **lt. 2,5** per circa **mq. 18** in due passate
- Latta da **lt. 0,75** per circa **mq. 6** in due passate

Che colori posso fare?

Con **Pinkaolin**, essendo ricca di Caolino e Titanio, si possono riprodurre tutte le colorazioni chiare e le tinte pastello come l'esempio nelle pagine successive.

**LA PRIMA PITTURA
GARANTITA AL 100%**

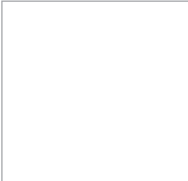

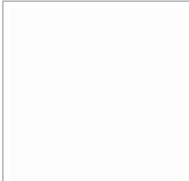

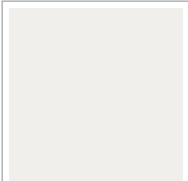

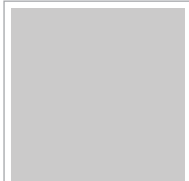

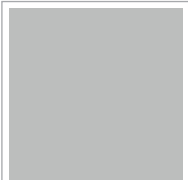

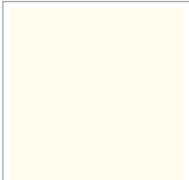

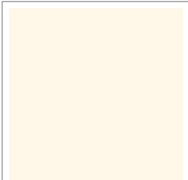

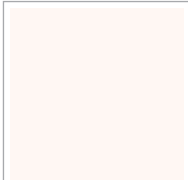

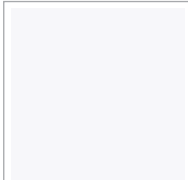

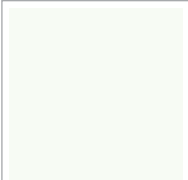

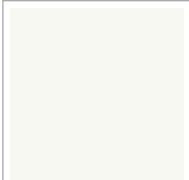

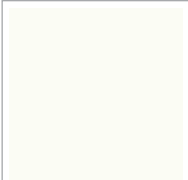

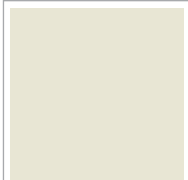

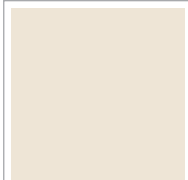

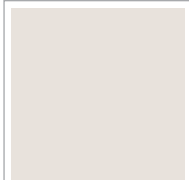

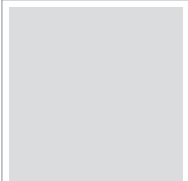

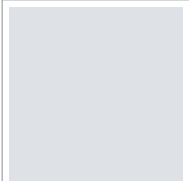

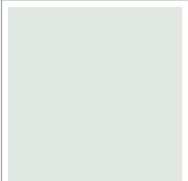

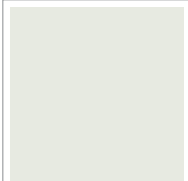

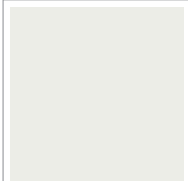

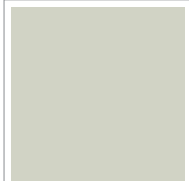

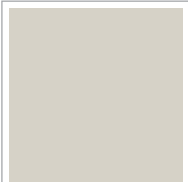

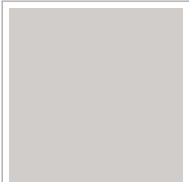

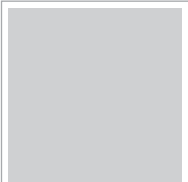

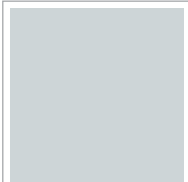

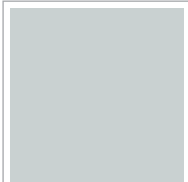

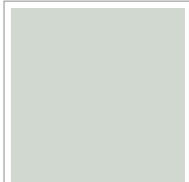

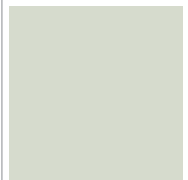

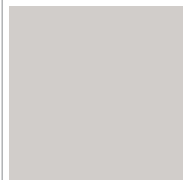

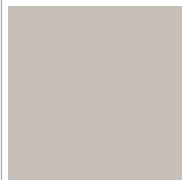

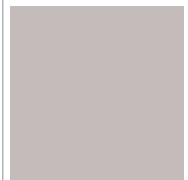

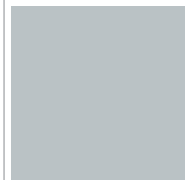

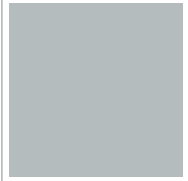

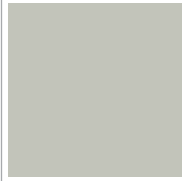

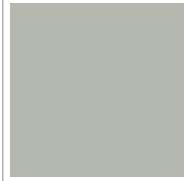

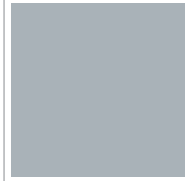

**PINKAOLIN GARANTISCE
LA MASSIMA SODDISFAZIONE**

Acquista una latta, provala e se non rimani soddisfatto per qualunque motivo, ce la fai riavere, anche vuota, e senza chiederti niente ti rimborseremo il prezzo pagato, hai 30 giorni per analizzare la differenza.

L'incidente inaspettato che ha dato vita a Pinkaolin.

In tanti anni di carriera come decoratore, il più grande problema per me è sempre stato quello di trovare una pittura specifica per l'interno delle abitazioni: di facile applicazione e che potesse avere una buona copertura senza alterare la resa, in modo da risparmiare tempo.

Negli anni ne ho provate parecchie: quella che copriva non si stendeva bene, quella che si stendeva bene non rendeva, quella che rendeva non aveva una bella finitura e così via.

Ormai da più di trent'anni le pitture si fanno con le materie prime conosciute. E, diciamolo, si assomigliano tutte. Ma un giorno, una formula non venne rispettata perfettamente, causando un danno che si credeva irreparabile: si sarebbe smaltita in una discarica un'intera partita di prodotto.

Prima di buttare via tutto, e visto che ero rimasto senza bianco, decisi di provare il nuovo prodotto, sapendo già che avrei dovuto rifare il lavoro. Ma... l'involontario "errore" aveva provocato un effetto positivo. La formula errata aveva generato una nuova pittura: un prodotto innovativo con l'effetto coprente chiamato Colì.

*Da qui è nata **Pinkaolin**, la pittura artigianale per il decoratore specialista.*

*Buon colore a tutti,
Claudio, creatore di Pinkaolin.*
